**Instant Results** - Get the look of polished, younger skin and significantly smaller pores

**Try it! Love it!** - These results were experienced after just one week.\*\* // 85% saw improvement in skin texture // 73% saw a reduction in fine lines // 71% saw smaller-looking pores.

**Step 1: Refine** is a physical exfoliator that reduces the appearance of fine lines and gently refines skin's texture as it removes surface dead skin cells and build-up from pores. Pore Minimizer goes beyond skin texture to tighten the look of pores. With pores cleared of build-up and dead skin cells, Pore Minimizer works immediately to reduce their appearance. And the results get better over time.

**Step 2: Pore Minimizer** nourishing serum helps calm and comfort skin. It's the perfect after-step to Microdermabrasion Refine to reduce any appearance of redness and soothe delicate skin. Working together 2-to-3 times a week, both products dramatically improve skin texture for a high-definition-worthy complexion.
